

COMMUNITY

BEAUTIFICATION PROGRAM

SPONSORED BY THE TOWN OF SINCLAIR AND
THE SINCLAIR WYOMING REFINING COMPANY.

Residents who would like their front yards mowed but are unable to do so themselves, or do not own a lawnmower can sign up for a free lawn mowing service by calling 324-3058 or for more information. The town and the Sinclair Wyoming Refinery would like to help with the beautification of our town by offering this service.

OR

If you need help getting your front yard ready to sow grass seed, an anonymous neighbor will buy you some grass seed and pay for half of your summer water bill for one month!

TOWN OF SINCLAIR

Looking Good!!!

We would like to announce the City of Rawlins will allow customers to haul old furniture, water heaters, grills, bikes, trees, refrigerators without Freon, scrap metal, old chain link fencing, scrap wood, railroad ties and construction materials to the waste site at the landfill in Rawlins for free from June 4-12, 2018. Sinclair residents are customers, since we do not have a landfill, and you pay the fee on your water bill to use the City of Rawlins landfill. Don't forget to cover your load before hauling.
